“THIS IS UK GRIME VOL.4”

Wiley, BBK, Big Narstie, P Money, Stay Fresh, D.Double, Ghetts, M.Darg and more...

The UK's most popular Grime Compilation is back with the real underground sound of Grime “This is UK Grime Vol.4”. Independent legends Defenders Ent are set to release the fourth and so far what seems to be the hardest Grime Compilation to hit the stores.

With the foundation members of the genre such as Wiley, D.Double.E, Mercston, Ghetts and Lil Nasty to the new school kids who are the talk of the streets such as Mez, Safone, Scumface, Cadelle, Kid D, Cadet and even Trap/Rap Star M.Darg makes an appearance.

There are a few exclusive tracks and videos to support the release and with some of the viral content and freestyles starting to accumulate thousands of views online, its great to see the grime scene behind the label and project as a community. Just an example of how much is about to happen from the UK.
